

10 Port Gigabit PoE+ Switch including 2 SFP

POE-GSH1008ATU-110

- 8 ports Gigabit RJ45
- 8 ports 802.3at/af PoE+
- 2 Ports Gigabit SFP
- Up to 30W for each PoE Port
- Power budget up to 110W
- Build in Power Module
- Fanless design

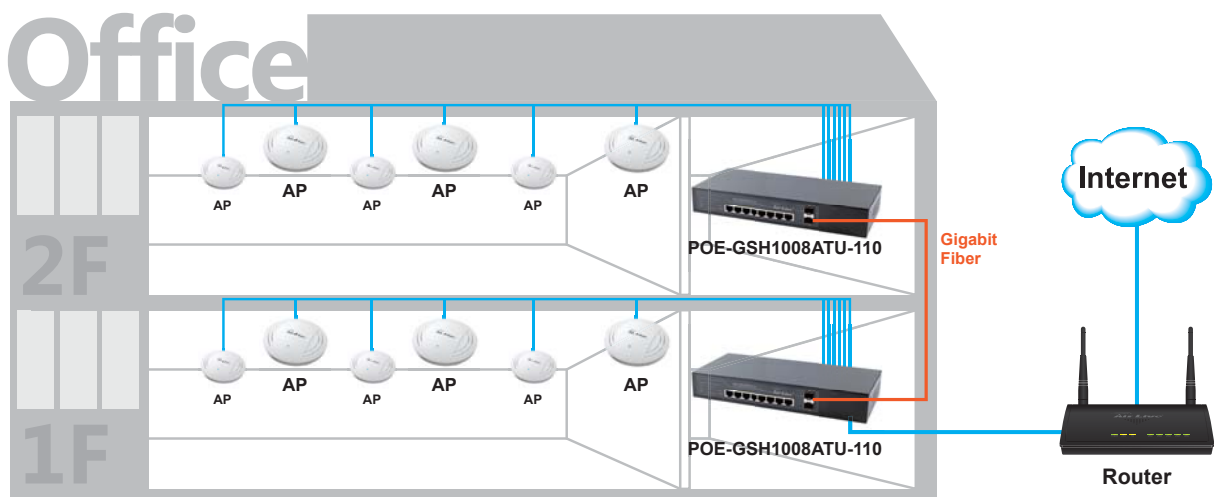

Power up PoE device via RJ-45 Cable

The POE-GSH1008ATU-110 is a 10-Port dump switch including 8 PoE+ ports and 2 SFP uplink ports. Each PoE+ Port can provide up to 30W output which is 802.3at/af output standard. With the standard 802.3at/af PoE+ function, the POE-GSH1008ATU-110 can power any standard 802.3at/af IP cameras or access point up to 30W.

Build-In SFP for long distance and cross-floors connections

POE-GSH1008ATU-110 features fiber uplink ports for long distance or cross-floors connections. It provides simplicity, reliability and lower long term ownership cost

Specification		AirLive POE-GSH1008ATU-110
Standard	IEEE802.3 10BASE-T	
	IEEE802.3u 100BASE-TX/100BASE-FX	
	IEEE802.3ab Gigabit 1000T	
	IEEE 802.3x Flow Control capability	
	IEEE 802.3az: Energy Efficient Ethernet	
	IEEE802.3at/af PoE	
Port	8 ports Gigabit Auto-MDIX	
	8 ports PoE/PoE+	
	2 ports SFP	
PoE Port	8	
MAC Address	8K	
Jumbo Frames	9K	
Packet Buffer	128 KB	
Switch Fabric	20 Gbps	
Power Input	AC 110-240V ,50-60 Hz	
PoE Power Output	Max. 30 watts	
PoE Switch Power Supply	120Watts	
PoE Power Budget	110Watts	
Operating Temperature	0° ~ 50°C	
Dimensions	280 x 122 x 44 mm	
Weight	1.2 Kgs	
Certificates	CE	
	FCC
