

Q: How to Enable the Siren in the Airlive SmartLife Plus APP

A: Please follow the below steps, to enable the Siren in the Airlive SmartLife Plus APP

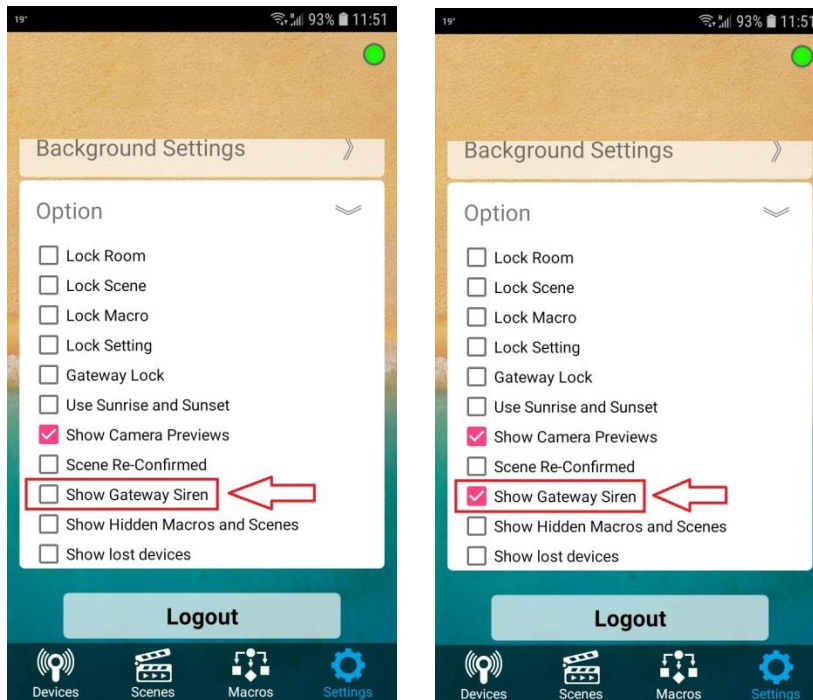

Start the Airlive SmartLife Plus APP and go to “Devices” the Siren should be shown as the first icon in the top right corner, When this is not the case please go to the “Settings” menu in the bottom right corner.

In the “Settings” menu scroll down and select “Option” click the >> icon to enter the menu.

In the “Option” menu you can enable the show function for the Siren. Scroll down and checkmark the “Show Gateway Siren” option.

After you have Check marked the “Show Gateway Siren” you can go back to “Devices” page and the Siren will be shown.
